Virtual Meeting and Vote Protocols

Virtual Meetings and Electronic Voting (District Council and District Executive Committee)

Per protocol 7.1, virtual meetings occur as recommended by the District Director and are agreed upon by a majority of the District Executive Committee. Any agenda item that requires a vote must adhere to the following process:

- Notice of the electronic vote posted to the District website four weeks in advance of the vote opening.
- District posts the proposed agenda item at least 14 days in advance of the vote.

For the following agenda items, which are specific to the District Council, a vote must adhere to the following process:

- District posts proposed budget at least 14 days in advance of the vote.
- District posts information about the proposed appointed District leaders at least 14 days in advance to the vote.

Virtual Meetings

Selecting a virtual meeting platform:

First you will need to select the platform or software that will be utilized. When making your selection it is important to consider the tasks or business that will be conducted—this determines the features the platform must have. You may want to distinguish between required features and nice-to-have features. Some items to consider are:

- Number of attendees
- Audio and/or video capabilities for the meeting host and attendees
- Ease of use
- Ability for attendees to participate in the discussion

Once you have established the necessary features, the next step is to evaluate the available platforms. To do so, consider seeking help from someone on your team or District who has experience in this area. [GoToMeeting](#) is one of many platforms that can be utilized to support the items noted above.

Finding a team:

To conduct a virtual meeting successfully, you will need help. Do not plan to manage the meeting platform and host the meeting by yourself. Select or appoint one or two members who are experienced with technology to support you in managing the platform. This will allow you to focus on running the meeting and facilitating discussions.

Managing discussions:

Select a platform that allows attendees to silently signal their desire to speak so not everyone is speaking at once. Additionally, consider selecting a platform with the ability to

mute attendees to help maintain order during discussions. Most platforms will have a feature allowing the host to chat with attendees privately or publicly. Ask members to submit their questions or type in their name to signal that they would like to address the entire group. As members enter their question or name, the chat feature captures the requests in the order received. The member or members who are managing the platform can notify you, the meeting host, of the speaking order of attendees.

Tip:

Before starting the meeting, it is important to provide guidelines for everyone. Some examples are:

- Attendees should mute their microphone/phone when not speaking
- Attendees should wait until they are acknowledged before speaking
- Attendees should limit their speaking time –tell attendees how much time they have
- The host reserves the right to mute attendees as needed

Electronic Voting

Selecting a voting platform:

Similar to preparing for a virtual meeting, you will need to select a platform that will meet your needs. Some requirements to consider for an electronic vote are:

- Number of voters
- Ability to assign weighted votes (for members carrying multiple votes – not including proxies)
- Automatic tabulation of results
- Ability to import voters

Both [Election Buddy](#) and [Election Runner](#) can accommodate the minimum requirements needed to host an electronic vote. The basic setup between these two platforms is similar and both offer free trials for you to experiment.

Finding a team:

When planning and setting up the electronic vote, you will want to assemble a team or appoint a committee to assist you. Once again, seek out members who are experienced with technology to manage the voting process.

Processing credentials:

There are some tasks that need to be completed before the vote. These tasks are very similar to the credential process at in-person meetings. Since the vote will not be held in-person, the credential process is completed prior to setting up the voting platform. The tasks you must complete include:

- Register all voting members prior to setting up the vote. This serves two purposes:
 - It creates a list of voters to be imported into the voting system

- It determines if **quorum** is met or not based on the number of voters registered
- Determine the number of votes each member is entitled to, most commonly known as weighted votes. The club officer list from World Headquarters will help you assign the number of votes to each voting member.

Registering voters:

To register voters, you will need to survey who will be attending the meeting. The club officer list can be used to obtain the officer's email address to distribute the survey. This determines the number of club presidents and vice presidents education who will be in attendance to see if quorum is met. Use a survey tool, such as [Google Forms](#) or [Microsoft Forms](#), to help you attain the information needed. You should include questions such as:

- Name (first and last)
- Membership number
- Club number(s) in which President/VPE is representing
- Will you be attending the meeting?
- What is your preferred email address to receive the link to vote?

The survey should be distributed to all members who are eligible to vote.

- For the District Executive Committee meetings, this includes all Division Directors, Area Directors, the District Director, the Program Quality Director, the Club Growth Director, the Administration Manager, the Finance Manager, the Public Relations Manager and the Immediate Past District Director.
- For the District Council meetings, this includes all Club Presidents, Vice Presidents Education and District Executive Committee members. However, members of the District Executive Committee do not count toward a quorum.

Set a specific amount of time for members to register. Once the registration period has closed, the results can be prepared. Members must attend the meeting to vote. As such, remove anyone who cannot attend the meeting. Once voter registration has been completed, your next steps are to:

1. Determine how many Club Presidents and Vice Presidents Education will be in attendance. This determines if quorum is met.
2. Determine the number of votes each member is entitled to. Members holding multiple voting positions across clubs are entitled to **a maximum of two votes**.
3. Download the voter import template list or format the voter information per the instructions of the voting platform. Common fields include Name, Voter ID, Email and Weight (number of votes). Using the survey results and club officers list, you will have all the information to complete the import of voters.

Creating the ballots:

The voting platform takes you step-by-step through the process of creating the ballots. Please note that if more than one agenda item is being voted on, you should create

separate ballots for each item. If multiple agenda items are put onto the same ballot, the results will not be tabulated until after all items on the ballot have been voted on. For example, if the ballot includes both the approval of the District budget and District appointed leaders, the results will not be posted until members have submitted their selection for both ballots.

Providing notice:

Since the vote is conducted electronically, notifications should be sent to the voters once the vote is launched. Part of setting this up is establishing the voting period, or when voters can cast their ballots.

Once the ballots are created and ready to be sent to the voting members, you must determine when to send it. It can be sent prior to the meeting or right before the first vote, depending on what works best for your meeting.

In the event that a quorum (one-third of all Club Presidents and Vice Presidents Education) is not met for a District Council meeting, business transacted shall be deemed as valid as if a quorum were present if it thereafter is expressly approved by the affirmative vote of a majority of the member clubs in the District on the basis of two (2) votes per club. The vote and voting period will need to be set to accommodate obtaining a majority on the basis of two votes per club.

Conducting the virtual meeting and electronic voting:

During the meeting, a team should assist with managing the virtual meeting platform and the electronic voting platform, including the Administration Manager. As noted earlier, the meeting should start with housekeeping guidelines so that all attendees are aware of how the meeting will be conducted. The meeting will then proceed to each agenda item. If an agenda item requires a vote, then the discussions and voting will take place.

The District Director or the chair of the meeting will call upon the attendees for questions and discussion as outlined earlier. Once discussion is over, the chair can ask the attendees to cast their vote.

Both Election Buddy and Election Runner have dashboards that report in real time and automatically tabulate the votes as they come in (both in percentages and in number of votes), although you may need to refresh the page occasionally. Once the voting period is closed, the team managing the vote can manually close the vote and announce the results before moving on to the next item. The process will repeat until all agenda items have been addressed.

Tip: *Closing each vote manually will prevent the results from being changed. The person overseeing electronic voting should familiarize themselves with the features by practicing with the free trial.*

District 52 Council Meeting Standing Rules

From TI District Administrative Bylaws, Articles IX - XI and XIII, as amended

(Not subject to approval by the District Council)

Voting District Council Composition: The District Council shall consist of the District Executive Committee and the President and Vice President Education from each member club in the District. These shall be the only voting members of the District Council. The District Executive Committee is composed of the District Director, Program Quality Director, Club Growth Director, Public Relations Manager, Administration Manager, Finance Manager, Division Directors, Area Directors, and the Immediate Past District Director.

Quorum: One-third of the Presidents and Vice Presidents Education from member clubs in the District shall constitute a quorum for District Council Meetings. In the event business is transacted at a District Council Meeting when a quorum is not present, the action shall be deemed valid if it is expressly approved, in writing, personally, by mail, fax, e-mail, electronic transmission or other reasonable means, by the affirmative vote of a majority of the member clubs in the District on the basis of two votes per club.

Proxies: Either the President or Vice President Education of a member club in good standing may designate, in writing, an active member of the club to act as a proxy for them at a District Council Meeting. In the event one of those officers is not in attendance at the meeting and has not designated an active member of the club to act as their proxy, the officer or proxy holder in attendance shall be deemed to hold the proxy of the other and may therefore cast two votes at such meeting. The intent of this provision is to assure that every club will be represented by two votes. No other proxies shall be valid at a District Council Meeting.

No Proxies are allowed at an Online Virtual Meeting.

Voting: Each member of the District Council in attendance at a Council Meeting or their authorized proxy is entitled to one vote. Any active member who carries proxies of both the President and Vice President Education from a member club in good standing is entitled to two votes and any such individual member who is also entitled to a vote as a member of the District Executive Committee is entitled to an additional vote, for a total of three votes. All other members of the District Council shall be limited to a maximum of two votes. The vote of a member of the District Executive Committee may not be proxied.

Rules of Order: Robert's Rules of Order Newly Revised shall be the final authority on parliamentary procedure insofar as they do not conflict with any provision in the District Administrative Bylaws, the Articles of Incorporation or Bylaws of Toastmasters International, Policies and Procedures, set by the Toastmasters International Board of Directors.

District 52 Council Meeting Ground Rules

Parliamentary Aids: To expedite the meeting, the Chairperson will use unanimous consent as much as possible, especially in accepting the submittal of committee reports. Any Council Member may object to unanimous consent by stating "objection" when the presiding officer says, "if there are no objections" or "hearing no objections." With any objection, a motion will have to be made and seconded, discussed and voted. While all points of view are entitled to be heard, that does not mean every member needs to speak. Because of limited time for debate and discussion, members are asked to primarily make statements that offer new information and not repeat what has already been stated. Rights of the minority opinion are to be protected and respected even though majority rules. Courtesy should be extended to all participants and that includes not asking redundant questions that have previously been answered either in the delegates' package or by other delegates.

Credentials: Once the Credentials Table is closed at the designated time and a quorum exists, the Credentials Table will not be reopened for late arriving members unless two thirds of the Council Members in attendance or their proxies vote to reopen the Credentials Table. For a virtual meeting, an RSVP to the formal invite serves as credential check-in for the meeting and will close 24 hours prior to the meeting.

Submittal of Motions: Resolutions, motions or amendments to motions over 12 words, excluding "I move that," shall be submitted in writing to the Chairperson immediately after making the statement. For a virtual meeting this may be done via "chat/SMS."

Addressing the Council: Recognition by the Chairperson is required before a person addresses the District Council. During virtual meetings, individuals shall be muted unless delivering a report or recognized by the chair and unmuted. To address the District Council, an individual must address the Chairperson and wait for acknowledgment by the Chairperson. For a virtual meeting, an individual will address the Chairperson through the "raise hand" or "chat" feature and must be recognized by the chair and unmuted before addressing the District Council. Once acknowledged, the individual should state their name, club name, club number, District Council role, and then succinctly state the business. Without recognition, comments will not be part of the official record.

Business Time Limits and Guidelines for Participation: There will be limited debate on items of business. Each individual shall have a maximum of one minute to address the question. Council Members or their proxies holding ballots have the right to debate before members without ballots. The maximum time for discussing or debating any particular motion, including its amendments, shall be ten minutes. Unless two-thirds majority of Council Members vote in favor of any motion to change the time limits for debate, the Council will immediately vote on the pending question if the ten minute limit is reached. Any Toastmaster in good standing may voice their opinion on any question of business, but may not make any motion nor vote on any business unless they are a Council Member or carry a proxy of a Council Member. During the Annual Business Meeting, each district officer candidate, including any floor candidate, is entitled to a two minute speech after nominations are closed and prior to election of the respective officer position. At the discretion of the Chairperson, candidate speeches may be suspended for uncontested positions (cases in which only one candidate has been nominated). Speeches by candidates are delivered in alphabetical order of the candidate's last name, by office, beginning with the highest contested office. Each speech shall be delivered by the candidate, if present. If the candidate is absent and has consented to the nomination and signed the Officer Agreement and Release Statement, the candidate's representative may give the speech. No other speeches, demonstrations or other activities related to the election of officers are allowed during the Council Meeting.

Announcements: The Chairperson should be informed of any intentions to make announcements before the start of the District Council Meeting.

District Director | District 52 Toastmasters Report

It is a great honor and pleasure to serve you as your District Director. I am humbled by your confidence in me and the opportunity it has provided.

This term, we've Recognized all for their hard work and talents. We've encouraged everyone to take the lead, be better speakers, communicators, and leaders by taking on responsibilities. Take advantage of the benefits of Toastmasters. Toastmasters has always been, and will always be the safest place to grow, practice and thrive.

We have set our goals by growing new clubs, growing our membership, and helping our members achieve personal goals through the Toastmasters program. The leadership team has strived to support you in your goals. More importantly, we want you to use the skills acquired in Toastmasters to help them in their professions and personal lives. Transfer these skills that benefit us, so they may benefit others.

This year has also brought a lot of challenges. The loss of clubs and memberships as we deal with uncertainty. We enter another year of the pandemic and spend most of our times meeting via Zoom, which at times can be exhausting.

Yes, with all these challenges, I still am hopeful for what the future of Toastmasters holds. Toastmasters works! I am grateful that you continue to be part of Toastmasters as we continue to have fun and grow.

I now ask you, let us continue to invite friends, colleagues and loved ones into Toastmasters. Continue to build new clubs and bring in new members. Finish your Pathways educational goals.

Lastly, our goal as a district is to be Smedley's Distinguished. We still have time. Together, we can make this happen!

We can do this by adding one new club per area, and having every club brings in 5 new members. Spread the word of Toastmasters so individuals and organizations can gain the benefits of Toastmasters. Continue to strive to be better, to be excellent. In the process, you become a better speaker, communicator, and leader. Our growth relies on each other. In the process, let us not forget to enjoy what we do.

The success and survival of Toastmasters all depends on us, the clubs we build, the growth of our members and excellence we provide. Help us continue on this path and remember our district mission -- "We build New Clubs and Support all Clubs in Achieving Excellence"

I thank the entire Leadership Team and every one of our members as we continue to be of service.

To your continued success,

A handwritten signature in blue ink that reads "Lawrence Quesada". The signature is fluid and cursive, with a long horizontal stroke at the end.

Recognition

Timing issues - lots of pins and badges and other items purchased to be handed out at a later date some items may have belonged to club growth.

Club Growth

\$2K below budget - some expenses may have been coded to recognition

Public Relations

The main focus was to continuously promote events and provide incentives that all relate to fulfilling the district mission. Event such as Toastmasters Leadership Institute. Officer trainings, contests had to be promoted. Variance would be due to creating 2 press releases to push the success of our members outside of toastmasters. After following guidelines for creating press releases with limited success, the PR manager used his own expertise in creating press releases and it was eventually picked up by several media organizations. this tells the story of the power of Toastmasters. Advertisement expenses were not planned in PR.

Education and Training

The main focus is to continue the district mission. Most of the education and training were all conducted online. The first half consisted of officers training. The Toastmasters Leadership Institute was not conducted until January 15, 2022 therefore had limited spending as well. More spending was done when providing education incentives, rather than education and training. The Zoom account which was needed to conduct education and training were pre-paid for at the end of last year. The coming quarter will see more as the district conference and contests will be conducted.

Speech Contests

No contests this first half - but some prizes have already been purchased

Administration

Website expenses were not planned in that category. \$1.5K. Underplanned shipping/postage expenses as well as printing expenses

Food and Meals

No events The credit is due to overaccrual in prior year.

Division A | District 52 Toastmasters Report

It's been a fun year for Division A. Despite the challenges of meeting on Zoom and the frustrations of not attracting as many members as most clubs would like, most of our clubs have had a good year.

For a few of our clubs, **congratulations are in order!**

President's Distinguished:
Mindful Communicators

Select Distinguished:
Warner Center Toastmasters
Westlake Bank of America

Our Area Directors have been shining examples of teamwork and cooperation and have made great connections with their clubs. They completed 100% of club visits. They coordinated successful contests. Thank you for your efforts!

Joseph Chen – Area A10
Nancy Walsh – Area A11

Cameron Takahashi – Area A12
Lupita Damian – Area A13

Division A did not charter any new clubs this year. One potential corporate club decided to wait until office life gets back to normal before chartering.

Division A lost two corporate clubs, Cake Communicators and Spirent, due to pandemic challenges, including club members being laid off and members being overwhelmed with family responsibilities while working from home. We hope that these clubs will be reinstated in the near future. We also lost a community club, Spirit Speaks, due to membership growth challenges. One corporate club, Bank of America's Agoura Articulates, has been winding down due to members being transferred to a different Bank of America location.

Complete membership and DCP statistics are provided on the next page.

It has been an honor and a pleasure to serve as Division A Director this year, and I have enjoyed being a part of an awesome District team. I am confident that with a strong focus on membership growth and education next year, Division A clubs and members will reach new heights!

Respectfully submitted,
Anita Kugler

Division B | District 52 Toastmasters Report

Paul Reyes, Division B Director

The 2021-2022 Toastmaster year continued to display resilience and fortitude of our members. Division B council meetings connected Area Directors to officers of the clubs. These council meetings provided an avenue for open discussions, informing all with dates and events of the District and beyond, as well as the opportunity to provide timely trainings.

There was success this year with members engaging in the Toastmasters educational program of Pathways.

Thirty nine members: *as of 04/22/2022	Completed 93 educational levels collectively in Pathways
---	--

“ Triple Crown ” recognition: *as of 04/22/2022	Twelve members completed 3 Pathways or more
---	---

It is worth noting the majority of Triple Crown achievers included Level 5 as one of their levels of completion; which translates to a proficiency in the particular educational Pathway. Congratulations!

There are 17 clubs within four Areas (B20, B21, B22, B23) of Division B. From the 17 clubs, there were 13 clubs submitting membership renewals at 162 members re-investing in themselves to improve communication skills and leadership skills.

1 New Club Chartered on 06/28/2021:	TikTock Thoroughbred Toastmasters B23
1 Club Suspended as of 09/30/2021:	Quest Toastmasters Club #4343

Division B Area Directors (ADs) are to be commended for participating throughout the 2021-2022 year by meeting area reporting requirements, engaging with club officers to sustain and grow club membership, and motivate club officers to attain their DCP goals; along with providing District resources, solutions, and continual training.

On March 12, an all-Areas (B20, B21, B22, B23) Speech Evaluation and International Speech contests were held. The all-Areas concept allowed the Area Directors to team up, have a broader pool of volunteers for functionary roles, and sharing knowledge and

resources. It brought the leadership within the Division closer together. On April 9, Division B and Division D combined teams to conduct the Speech Evaluation and International Speech contests. With the same philosophy of volunteers and resources being available to bring success to speech contests for the benefit of the contestants.

Division C | District 52 Toastmasters Report

Division C Report

Division Director: Ruchin Gupta, PM, IP3

Overview

Division C started with 15 Clubs. As of April 24, 2022, we still have 15 clubs. Just like all Divisions, Division C has its fair share of challenges. It is a paradox that members do not want to meet in person as they are accustomed to the online meeting setting and the clubs are losing members as they do not want to meet online as they have Zoom fatigue. The good thing is the clubs, and the members still believe in Toastmasters and understand its benefits. Division C had two defunct clubs Virtual Imagination(Area C32) and Smooth Talkers(Area C33).

My Initiatives

As a Division Director, I let my clubs, club members and area directors know that I am always available to them, and they can always reach out to me if they have any questions. These are some of the initiatives I led for the year 2021-2022

1. Division C council meetings with Area Directors and their clubs
2. Explanation of DCP dashboard, tracking of DCP goals and education awards to the club officers and area directors.
3. Explanation on how to best make use of the Toastmasters portal to the club officers and members viz running reports, submitting dues and awards etc.
4. Ran club trainings and best practice sessions for VPE's, Presidents and VPM's.
5. Pathways training for existing and new members .
6. Showed how to create a free Toast-Host website for the club and run ads on social media to get new members and for open house publicity.
7. Ran contests for three of my areas(13th March) and the division (23rd April).
8. Submitted a lead for a corporate club to our Club Growth Director.
9. Encouraging clubs to go in a hybrid mode if they can. For that I have made myself available to them so that I can help them in any way technically I can.

Area Directors

All my Division C Area Directors gave their 100% and participated throughout the term by:

1. Attending division meetings
2. Visiting clubs
3. Meeting area reporting deadlines for both terms
4. Encouraging and educating clubs about membership growth and retention
5. Helping clubs achieve their DCP goals by engaging with club officers encouraging and training them.

Division C | District 52 Toastmasters Report

My Area Directors are as follows:

1. Area C30: Backfilled by Division Director Ruchin Gupta
2. Area C31: Veronica Corona
3. Area C32: Daniel Gowman
4. Area C33: Al Ramseyer

All the Area Directors are working on completing their second set of reports. They also supported each other throughout the Year. Additionally, All Area Directors built relationships, kept in touch with their clubs and helped them in whatever way possible. All clubs appreciated having their Area Directors encouraging and keeping in touch with them.

Marko Obradovic (Area Director for C30) was unable to fulfill his responsibilities for a second time in Toastmasters. Hence the Division Director had to take over his responsibilities viz visit the clubs, submit the reports, run the area contest etc.

Membership Renewals

Out of 15 clubs 12 clubs have submitted membership renewals on time with 134 members in the Division C in the spring (as of 4/24/2022) and 162 members in the fall term (11/30/2022).

C32	3	36	32	100%	67%
C33	3	30	17	100%	67%

Division C | District 52 Toastmasters Report

New Membership

Division C was able to get 45 new members. Despite the challenges out of 15 clubs 13 clubs were able to get one or more members with Studio City Speakers in Area C32 getting 12 new members.

Area	New Members
C30	12
C31	15
C32	14
C33	4

Clubs Contests

1. On 13th March Division C held Area Contests for three clubs combined (C30, C31 and C33) for both, the International Speech Contests, and the Evaluation Contest. Each area had multiple contestants for both international and evaluation contests. Since Area C32 only had one contestant, Area C32 was paired with Area F speech contests on 2nd April.
2. Division Contest was held on 23rd April and the finalists for both the contests have great potential and are excited to compete at the district level on May 14th. Teaming up Area Contests helped lighten the load by providing a broader base of functionaries available, sharing resources and knowledge.

Challenges

These were the top challenges for Division C:

Challenge	Explanation	Possible Solution
Member Growth	The clubs are not pro-actively going out to seek new members.	<ul style="list-style-type: none"> · Conduct open houses · More active on social media
Member Retention	Clubs are losing members as members don't want to meet in person & online.	<ul style="list-style-type: none"> · Hybrid approach will help for both the types of members.
DCP Goals	Clubs have difficulty in achieving DCP Goals.	<ul style="list-style-type: none"> · Ensure every speech is from Pathways · Submit dues on time · Attend trainings
Events	The clubs do not conduct events that will help them get new members.	<ul style="list-style-type: none"> · Conduct at least 2 open houses in a year
Training and communication	Area Directors and Club Officers should be trained.	<ul style="list-style-type: none"> · Area Directors should know how to run a contest and submit a Club Visit Report · Club Officers should know how to use Pathways, approve levels in Base Camp and how to submit awards. · Monthly check-ins between Area Director and Clubs

Important Notes for the successor

1. Self-Mastery Toastmasters in Area C33 has gone dark. COVID and not meeting in-person have led to this. Preemptive action is required before the club is defuncted. I have reached out to the club president and offered her my services to get the club back on track. Hybrid/In-Person meetings can revive the club.

Division D | District 52 Toastmasters Report

Division D Report

Division D has a fantastic speech contest season. Combined with the very organized and talented Paul Reyes, Division B Director, we were able to combine our resources and run a very smooth Division B & D Speech Contest together! With the assistance of our area directors, we were able to fill roles for a weekend where everyone was out of town! All in all, another enjoyable year of contests with a lot of hard work put in by Division D area directors.

Area Directors

- Amy Bender

President of Freethinkers, Amy agreed to take on the role of Area Director even though she had a lot on her plate. She was of great assistance in our Area Speech contests and opted to move around her club's meeting times to accommodate our speech contests.

- Eva Zhao

An enthusiastic and diligent area director who went above and beyond to help find judges and functionaries for our area speech contest, even stepping in as the test speaker to fill in a last minute slot. Eva's energy is infectious and she brings her 'A' game to every event and meeting that she attends.

- James Park

A past Division Director, James stepped in at the last minute to assist in Area Director duties. While he was not present to fulfill area reports in the first half of the year, he has given 100% to working with his clubs and has completed all of his reports. In addition, James assisted greatly in finding judges and functionaries for our speech contests.

Congratulations to our distinguished club in Area D42 - Voces Latinas!

Clubs with a strong membership:

- LA Tech, 20 members / Voces Latinas, 21 members / Watermasters, 27 members

All clubs except Bunker Hill submitted their renewals on time. We are working to combine Bunker Hill & Lofty Speaker meetings once a month to encourage new membership and try something different to retain the existing members.

- LACMTA Toastmasters - a corporate club - closed in February of 2022.

- Bunker Hill Toastmasters has been struggling for the previous few years, and even with a few dedicated members, they were not able to continue past the renewal period and had their last meeting in March this year.

2021-2022 was a tough and challenging year as many of us moved from working remotely to going back into the office. We anticipate more clubs meeting again in person, and new challenges as clubs transition from zoom meetings to hybrid and/or in person meetings. I am looking forward to seeing all of my fellow Toastmasters and Area Directors again in person at the next event! Thank you to the Trio and our very talented PRM, for your hard work, constant communication, and support!

Division F | District 52 Toastmasters Report

DIVISION F REPORT - Marianne Toghia, DTM

The F in Division F stands for Fantastic! And we've had a fantastic year so far. Most recently, we conducted our Area Contests and Division Contest with wonderful reviews. It does take a "village" to put on these contests and I would like to take this opportunity to thank all the volunteers from judges to functionaries to Test/Model Speaker to Chief Judge to Contest Chairs and Contest Masters for both the Area Contests and Division Contest. Thank you to all the International Speech and Evaluators contestants for competing. The four Area Directors worked hard in making sure their Area Contests went off without a hitch – and they did it! We're sending the best speakers for the International Speech and Evaluation District Contests and we are proud to have them represent fantastic Division F!

Area Directors

Our Fabulous 4 Area Directors met their club report deadlines by attending their respective clubs' and discussing areas the club could use assistance with. They communicated regularly with the club officers in keeping them informed about incentive programs, club renewals, and officer training. All four Area Directors completed their first-round club reports on time and are working on completing the second-round before May 31st.

Area F60 – Carla Gray, PHD – Carla's leadership style worked well with supporting the clubs in her Area. Her clubs depended on her guidance for officer training, renewals, educational goals and during the contest season.

Area F61 – Keith Birch – Keith's background as project manager kept him organized and on track with the many deadlines of club reports, dues renewals and contest facilitation. Needless to say, he has definitely stayed on track.

Area F62 – Kelly Bravo-Cuevas – Kelly's attention to her clubs and their needs, allowed her to focus on areas needed for improvement and to ask for assistance from the District. Her enthusiasm to serve her clubs has shown in her dedication to their successes.

Area F63 – Rachel Nizinski – Rachel's upbeat and cheerful spirit gave her an edge in instilling trust from her clubs to lean on her for any assistance they needed. Rachel had a couple "firsts" by becoming an officer in her club and an Area Director.

Kudo's to these amazing Fabulous Four Area Directors!

Club Statistics

In the start of the year, there were 18 clubs in Division F. As this year unfolded in a still COVID-challenged world, many clubs were still meeting on ZOOM. The majority of our corporate clubs were not meeting but as they return to the office, they will start back again with gaining some educational points. The members of HBN Toastmaster joined another club and ToastMousters is working on bringing their club up to good standing.

Division F | District 52 Toastmasters Report

All 17 clubs submitted membership renewals with 253 members in the division as of April 22, 2022.

Congratulations to Jewel City 29 Toastmasters of Glendale for achieving President's Distinguished! Also congratulations to: Burbank Toastmasters for Select Distinguished and still gaining traction to go higher from Distinguished are Glendale 1 Club, Storytellers and Toastmasters 4 Writers.

Our clubs are still challenged in meeting membership and education requirements, but as we see more clubs meeting in person, it will certainly help clubs meet their goals.

It has been an honor to serve as Division F Director for District 52.
